# POTATO PRODUCTS

We produce our Potato product, which is needed by our import and distribution partners, with our own brand or Private Label (PL) in line with the request of our customers. We deliver from a single pallet to a full container load (FCL) in accordance with the request and quantities of our customers. In short, we ship to any port in the world. Do you need frozen potatoes for your business? Please contact us with your requirements to get a quote

What do we owe our quality to?

We process frozen potato products in our factory in our own raw material.

We provide agricultural standardization in crop quality with advanced agricultural technologies and mechanization.

We apply good and correct cultivation techniques in our agricultural production. We know potatoes well!

We have a special seed variety that we use only in our own production! This is where the difference in taste comes from!

All our processes, from seed to fork, are traceable.

## WHY US?

- International shipping
- Local Knowledge
- Halal Certification
- Full Service Partner
- Quality product
