

## COMPANY

Our group continues its development and change step by step in a wide range from trade to industrial structuring, from production to export, from the domestic market to the foreign market in a period of more than half a century. The seed, which was initially sown in a certain region of our country, has turned into domestic and international trade and production with strong branches around its body, which has grown over time. Various and powerful investment, production, export, import and marketing units were born.
